

MU-X

ADVENTURE IN STYLE

BOLD & DYNAMIC

Following your heart and chasing the sunset, the mu-X is ready to journey you through.

Say hello to the new Isuzu mu-X. Designed for those who lead with confidence and explore with intent.

From the striking radiator grille to an aerodynamic silhouette that glides through the air, every curve has been reimagined. And when your adventure leads you into the night, the piercing Bi-LED headlamps ensure the path to your retreat is always clear and commanding.

But don't let the polished exterior fool you. Underneath this sleek aesthetic is the purposeful engineering Isuzu is known for.

The mu-X redefines the standards.

Exterior Features

**New Bold & Elegant Exterior
with Carefully Crafted
Luxurious Details**

**New Dynamic Blade
Headlights**

**New "Embrace
Line" Concept Rear
Combination Lamps**

**New 18" Alloy Wheels
and Rim**

**New Front Bumper Fighter
Jet Design with Air Curtain
Function**

**Air curtain aerodynamic
integration of wheels and
lower body design**

ADVANCED SAFETY

Navigating busy streets and parking spaces has never been easier with the mu-X. Equipped with the Advanced Driver Assist System (ADAS), the mu-X is designed to keep you protected on every journey. Featuring safety functions, it actively helps to prevent potential hazards.

Like a second pair of eyes, you can move with confidence on the road. The Forward Collision Warning & Autonomous Emergency Braking system offers you early detection and warnings ahead of an obstacle.

In moments of steep terrains, trust the Hill Start Assist and Hill Descent Control to ensure your move forward with confidence. It's more than avoiding the unexpected. It's freedom to focus on the road ahead.

Wherever you go, mu-X has your safety covered.

Advanced Driver Safety Features

Active ADAS Features

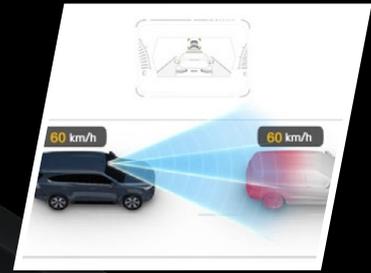

Autonomous Emergency Brake System

The mu-X detects a potential collision after Forward Collision Warning alert and the emergency braking is applied automatically.

Lane Keeping Assist (LKA)

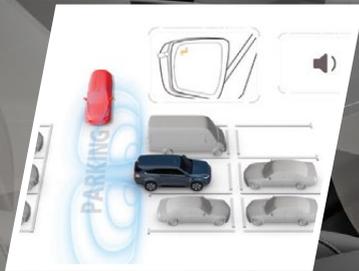

Lane Keep Assist (LKA), Emergency Lane Keeping (ELK) and Lane Departure Prevention (LDP) work to help prevent collisions.

Adaptive Cruise Control

Your speed automatically adjusts based on vehicles around you, including Stop and Go functionality when cruise control is activated.

Passive ADAS Features

Rear Cross Traffic Alert

Monitors your surrounding area while reversing into traffic, providing visual and audible warnings should an object approach from any direction.

Blind-Spot Monitoring (BSM)

It provides a visual warning on your side mirrors when an object approaches in your blind spot.

Pedal Misapplication Mitigation

Stereo cameras determine whether the accelerator has been applied accidentally should a potential collision be detected.

Other Safety Features

Electronic Stability Control (ESC)

Your mu-X restores control when over steering or under steering kicks in.

Hill Start Assist Control

Feel the power of the mu-X as the Hill Start Assist automatically kicks on a steep terrain.

Hill Descent Control

Enjoy the mu-X smooth ride down the slope with the Hill Descent Control feature.

COMFORT & CONVENIENCE

We have designed the mu-X interior to feel like a first-class lounge, with room for seven. Whether you're behind the wheel or relaxing in the back, the seating, complete with lumbar support in the 3.0L model, ensures you arrive feeling as refreshed as when you left.

With individual air-conditioning vents across all three rows and USB ports for everyone's devices, the only thing your family and friends will be debating is the playlist.

Enjoy wireless smartphone connectivity and a customisable touchscreen, hands-free power tailgate on the LS-T model, and a passive entry & push-button start means you never have to fumble for keys. Even the electric park brake is designed to take the load off you.

In the mu-X, we've handled the details so you can focus on the experience.

Comfort Features

New 7" Multi-Information Display

Infotainment with wireless Apple CarPlay™ & Android Auto™

Dual Zone Automatic Air Conditioning

Electric Parking Brake Switch

The 2nd and 3rd Row Seats Adjustment Capabilities

Follow Me Home Lights

Multiple USB ports for both front & rear occupants

4WD shift-on-the-fly Dial

SPECIFICATIONS

ENGINE	mu-X LS-U	mu-X LS-T
Engine with Turbocharger	RZ4E-MID	4JJ3-TCX
Displacement (cc)	1899	2999
No. of Cylinders	4	4
Compression Ratio	16.5:1	16.3:1
Bore X Stroke (mm)	80 x 94.4	95.4 x 104.9
No. of Valves	16	16
Power (kW) r/min	110 @ 3600	140 @ 3600
Torque (Nm) r/min	350 @ 1800-2600	450 @ 1600-2600
TurboCharger with Intercooler	Standard	Standard
ACG (120 A) with Intelligent Battery System (IBS)	Standard	Standard
